

It think that it is morally and ethically wrong, and probably illegal, for Sincalr Broadcasting to use its pressure to force its stations to air the anti-Kerry "documentary" so close to the election.

Here in Pittsburgh, 69% of respondents to a poll at WPGH TV, Sinclair's own station, said that they think Sinclair should NOT air the program.

If WPGH airs this program in my hometown, I intend to challenge its relicensure. You as the FCC should intervene to stop this travesty of "the news."

Sinclair uses the public airwaves free of charge, and is obligated by law to serve the public interest. But when large companies control the airwaves, we get more of what's good for the bottom line and less of what we need for our democracy. Instead of something produced at "News Central" far away, it's more important that we see real people from our own communities and more substantive news about issues that matter.

Sinclair's actions show why we need to strengthen media ownership rules, not weaken them. Thank you.
